

# Dunna Chuck Bruck Challenge

This is an exciting opportunity for you to run your own project, improving the environment, helping wildlife and making a positive difference to your community

## HOW TO COMPLETE THE CHALLENGE

The Dunna Chuck Bruck Challenge is divided into 3 sections: Introduction, Research and Activities. Each section includes a variety of actions to choose from, giving you the flexibility to tailor the Challenge to your needs and interests. To successfully complete the Challenge all you have to do is complete a minimum number of actions from each section.

### SECTION ONE Introduction and Discussion

As a group discuss the following:

- What is litter?
- Why do people litter?
- The negative impact of litter
- Who is responsible for dealing with litter?
- How can we prevent litter?

### SECTION TWO Research

Complete two actions (minimum):

- Find out what we should do with our rubbish
- Keep a food waste diary at home
- Find out how much food and packaging waste your school produces in a week
- Research the total waste you generate
- Choose a product and design your own packaging
- Design a pest and weather-proof bin

### SECTION THREE Activities

Complete three actions (minimum):

- Redd up an untidy area
- Raise awareness of local littering
- Litter Scavenger Hunt
- Recycling games
- Tour of Enviroglass to see what happens to our waste glass
- Bruck to Bling exhibition, Sale or Fashion Show
- Plan and host a No Waste Party!
